Experience the third dimension!

Expanding last year's opening ceremony, which made use of the 3D Mapping technique, the Festival celebrates its fifth year as an international competition festival with yet another 3D experience. Three- dimensional screenings, especially designed for the Festival, will bring the best out of the 3D technique and explore its artistic boundaries. The screenings will be projected onto the Rialto theatre building. The show begins at 8.30p.m., on October 17th. Its main sponsor is Primetel.
