6th INTERNATIONAL SHORT FILM FESTIVAL OF CYPRUS  
15 – 21 October 2016, Rialto Theatre, Limassol

**Premieres on Saturday, October 15th with a spectacular audiovisual show**

**The 6th International Short Film Festival of Cyprus kicks off this Saturday, 15 October 2016, at Rialto Theatre with a breathtaking audiovisual show, commencing a week of free screenings for all!**

The audiovisual opening show will be using techniques of *generative art* and interactive visuals, and will be projected on a video wall, placed on the front of the Rialto Theatre building.

A blend of abstract rhythmical patterns, evolving ambient landscapes and detailed generative art structures will provide the canvas for a visual interpretation of time - motion and memory. An immersive audiovisual world will be created, a temporal construct of bass, light and colour.

The technique of generative art will be presented in Cyprus for the first time.

In the framework of the festival's philosophy to support and encourage young Cypriot audiovisual artists, this year's opening show will be created by sound and visual artist, Pandelis Diamantides, whose work has been presented in various international festivals and galleries across Europe, such as Bozar Museum and Biennale Venice.

The show will begin at 8.30p.m. and the first film screenings will follow shortly after.

The Festival invites everyone to the opening party after the competition screenings, where we will have the chance to see more of the impressive generative art technique!
